### **About Dr. Moody**

Orthodontists are dentists with an additional two to three years of advanced education and training in the diagnosis, prevention, and treatment of dental and facial challenges. Dr. Moody is a Certified Specialist and an active member of the American Board of Orthodontics.

### **About Our Team**

Dr. Moody has taken extreme care in selecting the team members at Moody Orthodontics. She is passionate about creating healthy, beautiful smiles and it was important that everyone share this same vision and commitment to excellence. Our team has years of experience and regularly attends classes to stay up to date on the latest technology and advancements in orthodontics.

### **Your First Visit**

The Initial Examination appointment will take approximately forty minutes. We request that a responsible person be present for this appointment so decisions regarding treatment can be made. During this appointment we will take photos of the teeth and face as well as digital x-rays. Dr. Moody will then do an examination and we will discuss the following:

1. If orthodontic treatment is necessary
2. The best treatment options for your situation
3. The estimated length of treatment time
4. The cost of treatment/financial arrangements

If Dr. Moody has indicated you or your child is ready to start treatment and you are satisfied with the proposed treatment plan and financial arrangements, the process of starting orthodontic treatment can begin.

If you have dental insurance, please bring your insurance card to your appointment so we may verify your benefits for you.

Please print and complete the health history form and patient information form found on our website [www.moodyortho.com](http://www.moodyortho.com)

If you are unable to keep this appointment, please notify our office as soon as possible. We look forward to meeting you.
